A note on format:

Because of the different formats of the sources from which these entries are derived, Inner Temple listings are divided by period. South Asians who attended Inner Temple during the period 1864-1920 are listed in chronological order, by date of admission. Those who attended 1920-29 are listed in alphabetical order, by surname. To the knowledge of the compilers, listings for students who attended 1930-47 are unavailable in published or online format.

1. 1864-1919:

(compiled from online source by Bennett Cross and Mitra Sharafi)

The following entries were the result of place-based searches in the online Inner Temple Admissions Database for India, Burma and Ceylon. Names of potentially Portuguese origin have been included on the assumption that these students were of mixed South Asian and Portuguese background. A number of Armenian students from Bengal attended Inner Temple, particularly in the early period. These names (e.g. Arathoon or Aratoon, Herapiet, Apcar) have been included.

The South Asian students listed below attended Inner Temple between 1921 and 1929. They are listed in alphabetical order by surname, rather than in chronological order by date of admission. The Inner Temple index does not include demographic information for each student, unlike the records from Middle Temple and Lincoln's Inn. The published source (*Inner Temple Archives*) does not include all dates when students were called to the Bar.
